

GASTON COUNTY TOURISM
ANNUAL REPORT
FY 2024-25

TOURISM VISION

Gaston County Tourism's primary mission is to attract visitors to Gaston County, NC, stimulating economic activity within tourism-related establishments such as accommodations, including short-term stay rentals, restaurants, retail, festivals, attractions, and outdoor adventure outfitters. In essence, we drive revenue for local businesses.

We focus on establishing Gaston County as a sought-after destination for various purposes, including leisure travel, sports events, conventions, and meetings. Through strategic marketing efforts across the Eastern United States, we effectively utilize a budget of \$1.2 million to entice potential visitors. We direct these prospective travelers to our digital platforms: website, social media, and email for trip planning. Additionally, we collaborate internally with business development team to attract group travel.

FUNDED BY
3%
OCCUPANCY TAX

WHY LODGING OCCUPANCY MATTERS*

While overnight visitors make up 37% of visitation to North Carolina, they contribute 73% of total visitor spending, equaling \$2.88 billion in 2022. The majority of visitor spending, nearly 70%, takes place in local businesses like restaurants, shops, tour providers, art galleries, attractions, etc.

FY 2024-2028 STRATEGIC PLAN

MISSION
Optimize Gaston County brand experiences to drive visitation and partner economic growth.

VISION 2030
Be the Piedmont's premier outdoor recreation destination.

PURPOSE
Provide quality of place for Gaston County residents through tourism.

FROM THE DIRECTOR

We are pleased to bring you Tourism's first Annual Report. As I read it, I was struck by the steady growth in local tourism we have seen, our evolving tourism landscape and the important economic impact hospitality provides for Gaston County.

In 2023, the last year for which we have numbers, visitor spending in Gaston County grew nearly 5% to \$352 Million. In 2023 our local travel industry payroll was \$87 Million, employing 2,300 workers. Over \$23 Million was collected in state in local taxes, resulting from visitor impact in Gaston County, the equivalent of \$97.53 in tax savings per resident.

We know that none of this would be possible without you, our partners, who invest locally in businesses and experiences our visitors have come to enjoy. We are fortunate to have such a tremendous mix of accommodations, attractions, outdoor recreation, restaurants, and retailers in our area. Out of gratitude to you, we remain dedicated to offering data-driven marketing efforts, influential partnerships, compelling storytelling, and targeted group sales and sports tourism events.

All these offerings, combined with our mission to "grow, manage, maintain and promote experiences at our parks and throughout our destination so more residents and visitors come to enjoy them", present an extremely positive outlook for the future of Gaston County as a place to live and visit.

Sincerely,

Michael Applegate, CDME
Director Gaston County Parks, Recreation & Tourism

MEET THE TEAM

Behind every great experience in Gaston County is the tourism team at GoGastonNC.

TOURISM

HELPS TO DRIVE OUR ECONOMY

In 2023, Gaston County experienced its third consecutive year of tourism growth, reinforcing the county's rising appeal as a regional destination and its growing role in North Carolina's travel economy. According to the 2023 Economic Impact of Travel on North Carolina Counties report—prepared by Tourism Economics for Visit North Carolina—visitor spending in Gaston County reached \$352.46 million, a 4.9% increase over 2022.

RISING

Gaston County's growth in visitor spending has led to a notable rise in statewide rankings—from 25th in 2021 to 20th in 2023 among North Carolina's 100 counties. This steady climb highlights the success of marketing efforts, strategic investments, and an expanding tourism infrastructure.

These revenues represent a tax savings of \$97.53 per county resident, underscoring the direct benefits tourism provides to local households.

ECONOMIC CONTRIBUTION

Tourism remains a powerful economic driver in Gaston County, supporting local businesses, jobs, and tax revenues. In 2023, the industry's contributions included:

- Visitor Spending: \$352.46 million
- Increase from 2022: +\$16.36 million
- Jobs Supported: 2,309 local jobs
- Tourism-Related Payroll: \$86.8 million
- State Tax Revenue: \$14.3 million
- Local Tax Revenue: \$8.9 million
- Combined Tax Impact: \$23.2 million

LOOKING AHEAD

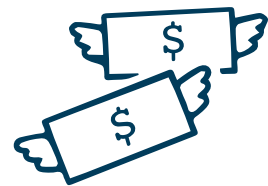

The momentum built over the past three years positions Gaston County for continued success in FY2024–2025. With new investments in trails, parks, and historic downtowns—as well as strengthened marketing partnerships—Gaston County is poised to attract more visitors, drive higher overnight stays, and further support the local economy.

As the county's tourism profile continues to rise, ongoing evaluation and strategy, informed by the August 2025 study release, will ensure Gaston County remains competitive and welcoming for years to come.

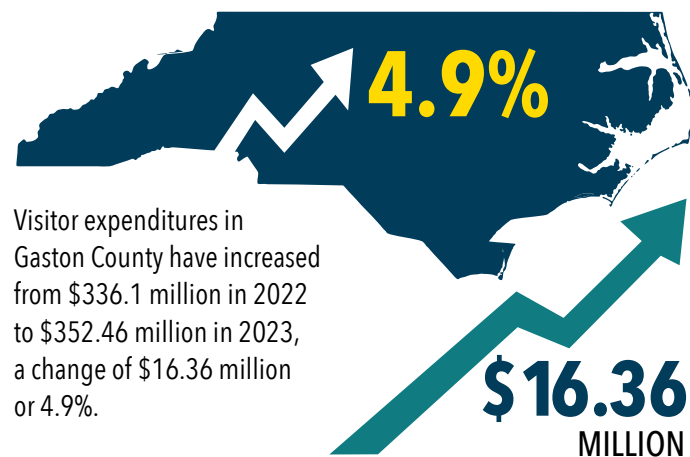

*The Economic Impact of Travel on North Carolina Counties study uses two nationally accepted models to measure tourism's impact: Visitor Activity Model: Assesses direct spending, job creation, and tax contributions. Tourism Satellite Account (TSA): Evaluates tourism's broader impact across all related industries. This data is compiled and analyzed by Tourism Economics, offering a consistent and reliable picture of tourism's influence at both the state and county level. The next edition of this economic impact study is expected to be released in August 2025, providing updated insights into continued growth.
